Nevada Antelope Hunt

www.wildlifeadv.com (530) 894-1400

Come and join us for a truly fun 3-day hunt in the wild west of Nevada. We can guide anywhere in the Northeast corner of the state (area 6 & 7) but also have access to many landowner tags in the Western part of the state as well. Our hunt will be conducted from 4X4 vehicles and quite a bit of glassing will be done. We look over many Antelope before making our decision. Bucks ranging in the 14-16" range can be expected with scores ranging from 72-82 B&C.

Accommodations, food and transportation will be included once at the destination. You can either choose to try the general draw first and then if unsuccessful you have the option of purchasing a landowner tag

Hunt Cost:

Two on One \$2,750 One on One \$3,000

Land Vouchers \$3,000 - \$4,000
