

# California Pig Hunts

www.wildlifeadv.com  
(530) 894-1400

**Join us for a fun filled day or two in the field chasing the ultimate table fare.**

Our hunts are conducted in a spot and stalk fashion that are fully guided on private ranches. We have a few ranches to choose from so availability is usually never a problem. The ranches range from 500 acres next to a state park and up to 37,500 acres at Dye Creek Preserve.

## **One Day Guided Hunt:**

To give the best opportunity to harvest we hunt an evening and the next morning. Hunt days are Friday to Sunday and are scheduled May through July. We do book throughout the year dependent on the number of pigs on the ranch.

**\$750 (Gilroy Ranch Only)**

## **Two Day Guided Hunt:**

This hunt is spread over three days. We hunt a half day, full day and a half day if needed. Our hunts are scheduled January through June. Two nights lodging and food are provided.

**\$1,500 (Dye Creek Preserve)**
